

INDONESIA - CG4 - 26 NOV 2024 - PREAMBLE AND PRINCIPLES

PREAMBLE:

In general, Indonesia can work with the Chair's Non-Paper as starting point of negotiation.

At this stage, we would like to submit the following text as our suggested edits:

Recognizing the special circumstances and needs of developing countries **including archipelagic states**, and the disproportionate impact of such plastic pollution on small island developing States,

New paragraphs:

Taking into account different national circumstances and capabilities in light of the principle of common but differentiated responsibilities and respective capabilities,

Reaffirming the importance of national sovereignty in international cooperation to address plastic pollution,

PRINCIPLES:

In their actions to achieve the objective of the *instrument** and to implement its provisions, the Parties should, as appropriate, be guided, *inter alia*, by the following principles:

- fairness
- CBDR RC
- the polluter pays principle
- the prevention principle
- respect for sovereignty over the use of natural resources
- inclusiveness
- bottom-up approach
- non-discrimination
- best available science and scientific approach
- sustainable development
- sovereignty of states
- the right to choose policy mixes
- right to development
