

MALAYSIA'S SUBMISSION FOR INC-5

Contact Group 4

Article 14 : National Plan

Thank you, Co-chairs.

We appreciate the language proposed by Chair for article 14 in which the National Plan may outline the Countries' measures that they are taking or intends to take to implement obligations under the Instrument. In this respect, we believe that it has given sufficient guidance to the member states as to what needs to be included in the national action plan. We also wish to resonate the distinguish delegate of Indonesia for the National Plan to be named National Action Plan as how we had termed it during previous INC negotiation.

The proposed text in the non-paper is acceptable to Malaysia with modification at sub paragraph 14(2) for the word 'adjust' be replaced with 'review' and 'update' and we may go along with proposal made by delegates from Indonesia for the phrase 'enhance of level of ambition' be replaced with 'reflecting progress in achieving objective of this instrument', to provide clarity to sub-para 14(2).

Thank you.
