Brazil would like to propose the following additional paragraphs and/or modifications to the proposed preamble:

- PP3bis: Recognizing the important role played by plastics in society;
- PP4: Noting that plastic pollution, in marine and other environments, can be of a transboundary nature and needs to be tackled, together with its impacts, through a full-life-cycle approach, taking into account national circumstances and capabilities, IN LIGHT OF THE PRINCIPLE OF COMMON, BUT DIFFERENTIATED RESPONSIBILITIES;
- PP4bis: Recognizing the specific needs of developing countries;
- PP13bis: Stressing that sustainable patterns of consumption and production, with developed country Parties taking the lead, play an important role in addressing plastic pollution;
- PP19Alt: Taking into account the imperatives of a fair transition of workers throughout the value chain of plastics, particularly waste pickers, and the creation of decent work and quality jobs in accordance with nationally defined development priorities;
- PP21: Considering the need to mobilize new and additional means of implementation FROM DEVELOPED COUNTRIES, in particular for developing countries, to combat plastic pollution;
- PP22bis: Affirming the importance of education, training, public awareness, public participation, public access to information and cooperation at all levels on the matters addressed in this instrument.
