

**Article 8 – Plastic Waste Management
Kingdom of Saudi Arabia’s submission**

[1. Each Party shall take measures ~~to ensure that, including, where relevant, through a sectoral approach, to ensure that~~ plastic waste is managed in an environmentally sound manner, taking into account ~~national circumstances and capabilities, and relevant guideline from the environmentally sound management of plastic waste adopted in COP16 the waste hierarchy and relevant guidelines developed~~ under the Basel Convention on the Control of Transboundary Movements of Hazardous Wastes and Their Disposal

2. Each Party is encouraged to take ~~additional~~ measures which could include, ~~inter alia~~:

(a) ~~Circular Economy Approaches where appropriate. Promoting investment in, and mobilising resources from all sources for, waste management systems and infrastructure that enables environmentally sound management of plastic waste and enhances waste management capacity;~~

(b) Establishing ~~appropriate~~ systems ~~and infrastructure~~ at ~~the national and local~~ levels for handling, sorting, collection, transportation, storage, recycling and treatment of plastic wastes, ~~recognizing the support required for developing country parties to achieve such measures;~~

(c) Encouraging behavioural changes ~~throughout the value chain~~ and raising public awareness about plastic waste prevention and minimization, ~~taking into account the critical roles of all stakeholders in reducing plastic litter and supporting recycling;~~

~~(d) Set objectives or other measures to increase collection and recycling rates of plastic waste;~~

~~(e) Prevent and prohibit littering, open dumping, open burning and ocean dumping of plastic waste;~~

~~(f) Facilitate the development of nationally determined Extended Producers Responsibility (EPR) systems incentivizing increased recyclability, promoting higher recycling rates, and enhancing the accountability of producers and importers for environmentally sound management of plastics and plastic products throughout their life cycle, including by the adoption and implementation of approaches such as extended producer responsibility (EPR) schemes;~~

~~(g) Promoting, developing and strengthening markets for secondary plastics;~~

~~3. Each Party shall take appropriate measures to ensure that transboundary movements of plastic waste is only allowed for the purpose of environmentally sound disposal. Parties shall take appropriate measures to ensure that transboundary movement of plastic waste is done in accordance with the obligations of the Basel Convention. In circumstances where the Basel Convention does not apply, a Party shall ensure that transboundary movement of plastic waste is allowed only after taking into account relevant domestic and international rules, standards, and guidelines. Each Party shall take measures to ensure that the export of plastic waste is only allowed:~~

~~(a) For the purpose of safe and environmentally sound recovery, reuse, recycling, or disposal in a manner consistent with this Article; and~~

~~(b) With the written consent of the importing Party or non-Party.~~

~~4. Where export of plastic waste is allowed under paragraph 3, the exporting Party shall:~~

~~(a) Provide to the importing Party or non-Party complete information about the composition of the waste proposed to be exported, including its contents in polymers, chemicals and plastics, and any associated hazards to human health or the environment, including safety data sheets, as relevant;~~

~~(b) Require exporters to comply with generally accepted and recognized international rules, standards and practices for packaging, labelling and transport. _____~~

~~5. Developed country Parties shall provide financial assistance, capacity building and technology to developing country Parties to manage plastic waste as referred to in Para 2.b.~~

~~5. The Conference of the Parties shall, at its first meeting, adopt guidance to assist Parties in their implementation of paragraphs 3 and 4 of this Article, including a format for certification to demonstrate that the importing Party or non-Party has measures in place to ensure consistency with the requirements under subparagraph (b) of paragraph 3. In developing such guidance, the Conference of the Parties shall take into account arrangements in relevant international agreements.]~~

~~*Work in the interim period between the DipCON and COP1 could include guidance on developing national EPR schemes and on exports of plastic waste pursuant to paragraphs 3 and 4 (for adoption by the COP at its first meeting), and any interim arrangements.*~~
