INC-4 Sub-Group 1.1 Co-facilitators’ streamline text

25 April 2024

Part I

1. Preamble

No streamlining has been done to section 1

2. Objective

Option 1

1. The objective of this *instrument* is to protect human health and the environment [by ending] plastic pollution in all ecosystems, including in the marine environment, [and other aquatic as well as terrestrial ecosystems], [by ending plastic pollution] [based on] a comprehensive approach that addresses the full life cycle of plastic [waste] [through the prevention, progressive reduction and [elimination] [remediation] of [additional] plastic pollution] [management] [and utilization of plastic and plastic waste] [according to national priorities] [by 2040] [and enhanced efforts thereafter], [in order] [to protect human health and the environment] [from its adverse effects] [and to achieve sustainable development], poverty eradication and just transition, [considering the principle of common but differentiated responsibilities and respective capabilities] [as well as financial and technical support].

1. *Alt bis* The objective could be achieved through the prevention, progressive reduction and elimination of [additional] plastic pollution [by 2040 and enhanced efforts thereafter] according to national priorities and to achieve sustainable development, poverty eradication and just transition, considering [the principle of common but differentiated responsibilities and respective capabilities] [financial and technical support].

3. Definitions
