Download the Plastic Pollution Negotiations Mobile App

Get access to the daily schedule and personalised calendar, venue information and real-time updates.

Download for INC-5.2 in Geneva:

Plastic Pollution Negotiations is the official mobile app for following the meetings and events organized under the intergovernmental process established by the United Nations Environment Assembly (UNEA) through Resolution 5/14.

This app is intended for informational support related only to meetings and events held under the process and does not imply or reflect any process outcomes.
