

Indonesia proposal to Article 13 on Implementation and Compliance Committee.

2. The Committee may consider issues on the basis of:
 - (a) Written submissions from any Party with respect to its own compliance **to be included in its national report under Article 15**";
 - (b) Requests from the Conference of the Parties;
 - (c) Information provided by the Secretariat with respect to national reports under Article 15.

Rationale:

This is meant to avoid reporting burden of state parties and envisioning that information contain in such submission will highly likely form part of a Party's national report.

3. The Committee shall operate under the modalities and procedures adopted by the Conference of the Parties at its **first** meeting. The Committee shall elaborate its rules of procedure, which shall be subject to approval by the Conference of the Parties.

4. The Committee shall report to the Conference of the Parties and make recommendations, as appropriate, ***with a view to support and facilitate Parties' implementation of its obligations under this instrument.***"

Rationale:

The inclusion of a compliance mechanism for this instrument, should be supportive for implementation. It should serve the purpose of incentivizing and assisting parties who are unable to implement their obligations under the future ILBI, taking into account their national circumstances and capabilities.
