

Intervention of the Republic of Indonesia

Plenary Session of INC5.2.

Jenewa, 9 August 2025

*Thank you Mr. Chair,
Excellencies, Distinguished Delegates,*

Indonesia extends its heartfelt gratitude to the Government of Switzerland for its warm hospitality.

We extend our appreciation to the INC leadership and Co-Chairs for their effective stewardship in guiding the discussions on various articles across the Contact Groups. We understand the enormous task ahead of us and wish to express our strong support to the Chair and the Co-Chairs.

Furthermore, we express our gratitude for the clarifications provided and the efforts made to rectify and provide adjustment related to the published assembled text.

Indonesia supports the way forward proposed by the Chair, endorsing the leadership and guidance of the Chair, guided by the principle that "nothing is agreed until everything is agreed."

At the same time, we wish to share our observation to the organization of the meetings. We seek your wisdom for a more uniform approach across the contact groups and schedule of meetings that needs to be informed beforehand with available room-space suffice all parties, to enable all delegations follow each meeting effectively and adequately.

We reaffirm the importance of adhering to the fundamental principles of treaty-making, emphasizing inclusive dialogue and consensus-building, "no one is left behind", to have an effective and implementable treaty.

Indonesia looks forward to a constructive, collaborative approach from all parties in finalizing the articles in the days ahead.

We remain committed to working with all stakeholders to advance discussions and tackle pressing environmental challenges, in particular the global plastic pollution crisis. Thank you.
