

**MALAYSIA'S SUBMISSION FOR INC-5**  
**Contact Group 2**  
**Article 8: Plastic Waste Management**

Thank you co-chair.

For this Article, Malaysia proposes a new paragraph for para 1.

“Subject to national circumstances and capabilities, each Party shall take necessary measures in accordance with national laws and policies to ensure that plastic waste is managed in a safe and environmentally sound manner throughout its life-cycle at its different stages including handling, collection, sorting, transportation, storage, recycling other recovery including energy recovery and final disposal of plastic waste taking into account the waste hierarchy.”

Thank you.
