Article 10 [JUST] TRANSITION[[S] [FOR WORKERS]]

PROPOSED FORMULATION FOR PARA 1:

1. Parties shall promote an equitable and inclusive just transition, supporting affected workers, and vulnerable and disproportionately affected communities, including workers in informal and cooperative settings and waste workers, towards the implementation of this instrument.

Such efforts shall take into account national circumstances and capabilities, including broader development priorities, needs and challenges, and recognise that pathways towards addressing plastic pollution will differ among Parties and that there is no one-size-fits-all solution.

Parties shall cooperate, including through the mechanisms under Articles 11 and 12, as appropriate, in implementing this provision.
