Statement by the Pacific Small Island Developing States on EPR
(Part II, Item 7 of the Streamlined Text for SG1.3)

Plastics INC4 - Ottawa, Canada
25 April 2024

Delivered by Solomon Islands on behalf of PSIDS.

Thank you Mr Co-facilitator, Solomon Islands speaking on behalf of the Pacific Small Island Developing States, supports the statement delivered by Samoa on behalf of AOSIS. We agree that the streamlined text generated is a good basis for discussions going forward for this session on EPR.

Additionally, the Pacific SIDS remain flexible on the development of a Global or Regional EPR scheme inclusion and welcome views from delegations on this matter.

Thank you.
