Viet Nam Proposal for Technology Transfer

Part III.

Technology Transfer

Viet Nam would like to suggest the addition in bold as follows:

2. [Parties shall promote and facilitate the development, transfer [on mutually agreed terms], on **fair and most favourable terms, including on concessional and preferential terms**, diffusion of and access to **reliable, affordable** up to date [environmentally sound] technologies addressing plastic pollution [in an environmentally sound manner, including those related to collecting, sorting, processing and recycling of plastic waste as well as those related to safe and sustainable alternatives and non-plastic substitutes]. In implementing this provision, Parties shall promote and facilitate innovation and [inclusive] investment in pursuit of new technologies and innovative solutions, and shall facilitate access to essential technologies, [including with respect to financial resources and] proprietary rights.]
