Part II

3. Problematic and avoidable plastic products including short-lived and single-use plastic products and products containing intentionally added microplastics

   b. Intentionally added microplastics

Firstly, Thailand supports the option 1 as a basis of discussion by taking into account the consideration of the negative list approach for the exclusion of intentionally-added microplastics in some certain products in need.

Secondly, we also support the option 5 proposing to merge unintentional releases of microplastics in the provisions of Part II.8.

Lastly, we strongly oppose the option 0.
