

## Proposed Text Regarding Article 10 Just Transition

[1. In the implementation of this Convention, Parties shall cooperate to promote and facilitate a transition towards sustainable production consumption of plastic, taking account of the situation of workers **especially** in the informal sector, including waste pickers, **women**, Indigenous Peoples and populations affected by the adverse effects on human health and the environment of plastic pollution and the implementation of measures set out in this Convention.

2. Each Party is encouraged to promote the engagement of affected communities, civil society, *trade unions*, as well as the private sector, in activities pursuant to paragraph 1.

3. Each Party may report measures taken to implement this Article in its national report pursuant to Article 15.

4. The Conference of the Parties may adopt guidance to assist Parties **and in particular developing countries in the implementation of this Article taking into account their national capabilities and circumstances**, taking into account relevant guidelines under other international organizations, including the International Labour Organization.]

*Work in the interim period between the DipCON and COP1 (for adoption by the COP at its first meeting) could include the development of guidance to assist Parties in implementing this Article.*
