The United States appreciates the opportunity to submit a text proposal made during subgroup 2.1 on Saturday April 27, as follows:

- **OP10 alt.** This Instrument* aims to align financial flows and support enabling environments for the achievement of its objective. Actions by Parties in support of this aim could include establishing or extending fiscal measures, regulatory and economic instruments, producer responsibility schemes, information transparency, sustainable public procurement, and national budgeting, modeling, and fiscal forecasting efforts, as appropriate.

- **OP10 bis.** This Instrument* aims to catalyze private investment towards the achievement of its objective. Actions by Parties in support of this aim could include establishing or extending blended finance structures, de-risking instruments, and innovative public-private financing mechanisms, such as outcome bonds, credit facilities, and impact investment, as appropriate.

- **OP10 ter.** Parties should include in their national action plans and reporting their actions taken in furtherance of OP10 alt, OP10 bis and OP10 ter.
