Brazil prefers Option 2 and has to reserve its position on the expression “based on the elements contained in part III of annex C”, as that annex has not yet been drafted by INC.

Brazil would like to propose the following insertion of words in paragraph 2 of Option 2 (indicated in capital letters):

“Each Party shall take measures to ensure that, where needed, primary plastic in products is replaced by safe and environmentally sound recycled plastic content. The measures taken to implement this provision may include the use of regulatory and economic instruments, public procurement, or incentivizing changes in the supply chain and in consumer behaviour, AMONG OTHER MEASURES, and shall be reflected in the national plan communicated pursuant to [part IV.1 on national plans].
