Part II
Section 5
Product design, composition and performance
India

a. Product design and performance

*Alternative Text*

1. Subject to their national plan and based upon national circumstances and capabilities, each party shall take measures, including those referred to in paragraphs 2 and 3, to enhance the design of plastic products, including packaging, and improve the composition of plastics and plastic products.

2. Subject to their national plan and based upon national circumstances and capabilities, each party should take measures to: increase the safety, durability, reusability, refillability, repairability and refurbishability and recyclability of plastics and plastic products, as relevant, taking into account relevant international standards, including any relevant sector- or product-specific standards and guidelines. The measures adopted pursuant to this provision shall be reflected in the national action plan communicated pursuant to [part IV.1 on national plans].

3. Subject to their national plan and based upon national circumstances and capabilities, each party should take measures for plastics and plastic products that conform to the paragraph 1.

4. **There shall** be an assessment of the need as well as mobilization of financial resources and technology transfer for each country in order to nationally driven commitments under this provision.

b. Reduce, reuse, refill and repair of plastics and plastic products

*Alternative Text*

1. Subject to their national plan and based upon national circumstances and capabilities each party subject to shall, take effective measures to promote the reuse, refill, repair, repurposing and refurbishment, as relevant, of plastics and
plastic products produced within its territory and those available on its market, in particular through the implementation of reuse, refill and repair systems.

2. Subject to their national plan and based upon national circumstances and capabilities, each party should take measures as deemed appropriate to support this objective.

3. **There shall** be an assessment of the need as well as mobilization of financial resources and technology transfer for each country in order to nationally driven commitments under this provision.

c. **Use of recycled plastic contents**

*Alternative Text*

1. Subject to their national plan and based upon national circumstances and capabilities, each party as per national action plan should take the necessary measures for appropriate plastics and plastic products produced within its territory and those available on its market to achieve minimum percentages of safe and postconsumer recycled plastic contents, based on the elements contained in part III of annex C. The measures taken to implement this provision shall be reflected in the national action plan communicated pursuant to [part IV.1 on national plans].

2. **There shall** be an assessment of the need as well as mobilization of financial resources and technology transfer for each country in order to nationally driven commitments under this provision.

d. **Alternative plastics and plastic products**

*Alternative text*

1. Subject to their national plan and based upon national circumstances and capabilities, Parties should encourage the development and use of safe, environmentally sound and sustainable alternative plastics and plastic products, as per the national regulation.

2. Parties, in implementing the above provision, shall ensure that alternative plastics and plastic products are safe, environmentally sound and sustainable,
taking into account their potential for environmental, economic, social and human health impacts.

3. **There shall** be an assessment of the need as well as mobilization of financial resources and technology transfer for each country in order to nationally driven commitments under this provision.
