Part II
Section 13
Transparency, tracking, monitoring and labelling
India

Paragraph 1

Alternative text

1. Each Party, in order to end plastic pollution, as per their national plan and based upon national circumstances and capabilities including relevant national policies and regulations, shall:

a. require producers and importers to disclose harmonized information on the chemical composition of plastics and plastic products, based on guidelines adopted by the Governing Body consistent with WTO regulations and avoiding duplication with other MEAs, throughout their life cycle of plastics;

b. take appropriate measures to ensure the traceability of chemicals, polymers and the plastic contents of products throughout the life cycle of plastics and plastic products, based on guidelines adopted by the Governing Body consistent with WTO regulations and avoiding duplication with other MEAs, in particular for the purposes of their safe and environmentally sound use, recycling and disposal; and

c. establish marking and labelling requirements, consistent with provisions of WTO’s Agreement on Technical Barriers to Trade, based on guidance to be adopted by the Governing Body* at its first session, in particular for the purposes of the safe and
environmentally sound use, recycling and disposal of plastics and plastic products.

Additional text

4. Developing country parties shall be provided necessary technical and financial assistance based upon an assessment of the technical and financial resources required for complying with obligations given in paragraph 1 in respect of each country.
