Proposal of Pakistan on National Plans

i. Pakistan suggests the title **National Action Plans** or **National Implementation Plans**

ii. Pakistan does not support paragraph 5 and should be deleted.

iii. Inclusion of primary plastic polymers is still under discussion in Contact Group 1 and it is prejudge to discuss in Contact Group 2.

iv. Pakistan suggests that each party should develop the inventory or baseline of plastic production and products, import of plastic products and infrastructure for managements of plastic waste particularly recycling and disposal of plastic waste.

v. Pakistan also suggests that each party should have specific legislation to take measures for plastic pollution under Nationa Plans.
