Contact Group 3  
Thailand’s views on the Intersessional Works  
at the third session of Intergovernmental Negotiating Committee  
to develop an international legally binding instrument on Plastic Pollution,  
including in the marine environment (INC-3)  
16 November 2023, UNEP Headquarters in Nairobi, Kenya  

Thank you very much Mr Co-Facilitator for giving me the floor.

Thailand would like to propose matters to be discussed during Intersessional Works as follows: financial mechanism, scientific evidence on impacts of plastic pollution to human health and environment, especially, from chemicals of concern, potential scope and guidance to develop NAP, monitoring scheme, modalities and formats for the reporting on progress. On modalities, Thailand prefers face-to-face meeting for intersessional works before INC-4.

I thank you again Mr. Co-Facilitator.
